ABOUT ME

A proactive and self-assured student enrolled in the Computer Science Department at Arid Institute of Management and Sciences, with an expected graduation year in 2024. Eager to leverage my acquired knowledge and competencies in a practical setting, I approach opportunities with a driven mindset and a diverse skill set. My dedication lies in contributing to an organization's mission by effectively applying my skills. Proficient in navigating various social media platforms and well-versed in office technology programs, I am poised to make a valuable contribution to any team or project.
