SUMMARY

I am a skilled web developer with a diverse skill set in web application development, complemented by strong analytical and creative problem-solving abilities.

With more than 1 year of experience in the web development industry, I have expertise in developing, deploying, building, and maintaining applications across various business domains.

EXPERIENCE

React JS Developer

Lofty Logix   **Johar Town**
                                                        2023 -2024

- Designed and developed engaging, user-centric web applications using React JS and front-end technologies, significantly enhancing digital presence and improving user experience for Lofty Logix's projects.

- Stay up-to-date on emerging technologies and industry trends.

- Researched, designed, and developed Java batch processes to optimize operational efficiency and functionality, contributing to streamlined workflows and project success.

Front-End Developer

Tech Cloud   **Remote**
                                                          2023

- Collaborated effectively with remote teams to implement UI/UX designs, ensuring consistency and usability across multiple platforms and devices.

- Utilized version control systems such as Git to manage codebase, facilitating seamless collaboration and code integration within a distributed development environment.

- Proficient in frontend development using HTML, CSS, and JavaScript, focusing on creating visually appealing and functional user interfaces for web applications.

Intern

Stacks Mind   **Johar Town**
                                                        2022

- Assisted in the development and implementation of responsive user interfaces using HTML, CSS, and JavaScript, under the guidance of senior developers, to enhance usability and visual appeal of web applications.

- Collaborated with team members to troubleshoot and debug front-end issues, gaining hands-on experience in problem-solving and ensuring smooth functionality across various browsers and devices.

- Participated in daily stand-ups and team meetings, actively contributing to project discussions and learning agile methodologies, while adhering to deadlines and project milestones in a supportive internship environment.

SKILLS

Development/Frameworks

| HTML | CSS | Bootstrap |
| Material UI | SASS | Github |

React JS

| ES6 | Javascript | jQuery |
| Node Js | MongoDB | Redux |

EDUCATION

BSc (CS).

PMAS ARID University

2020-2024

CERTIFICATION

- IMB Quality Development
- React JS Development/Frameworks

MY TIME

- Ⓐ Web Development
- Ⓑ Front-End Development
- Ⓒ Designing & Maintenance
- Ⓓ Deployment

PASSIONS

🔥 Cricket, Football, Games & Travelling.
